LOCAL EXCHANGE SERVICES

DEFINITIONS

Certain terms used generally throughout this price guide are defined below.

Access Line: A circuit between the station protector on the Customer's telephone service or PBX to, and including, the serving central office main frame.

Advance Payment: Part or all of a payment required before the start of service.

Authorized User: A person, firm corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

Business or Commercial Customer: In general, Business Customers are those who have access lines that terminate at offices, mills, stores or a business location. Business rates apply if the service is used primarily or substantially for business purposes even if the access line does not terminate at a business location, or if the access line has a business directory listing.

Call: A completed connection established between a calling station and one or more called stations.

Collect Billing: A billing arrangement whereby the originating caller may bill the charges for a call to the called party, provided the called party agrees to accept the charges.

Commission: Georgia Public Service Commission.

Company: Fusion Cloud Services, LLC, the issuer of this price guide.

Customer or Subscriber: The person, firm or corporation that orders service and is responsible for the payment of charges and compliance with the Company's regulations.

Direct Inward Dial (or "DID"): A service attribute that routes incoming calls directly to stations, bypassing a central answering point.

Issued by: General Counsel

Effective: May 23, 2019

LOCAL EXCHANGE SERVICES

DEFINITIONS (CONT'D.)

Hunting: Routes a call to an idle station line in a prearranged group when the called station line is busy.

ILEC: Incumbent Local Exchange Company.

Joint User: A person, firm or corporation that is designated by the Customer as a user of services furnished to the Customer by Company and to whom a portion of the charges for the service will be billed under a joint user arrangement as specified herein.

LATA: A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

Local Exchange Carrier or (LEC): Denotes any individual, partnership, association, joint-stock company, trust or corporation engaged in providing switched communication within an exchange.

Off-Net: Service provided via third-party switching facilities.

On-Net: Service provided via Company-owned switching facilities.

Nonrecurring Charges or NRCs: One-time charges most often associated with installation, ordering, or account establishment.

Person-to-Person Call: A service whereby the person originating the call specifies a particular person to be reached, or a particular station, room number, department, or office to be reached through a PBX attendant.

Recurring Charges (MRCs): The monthly charges to the Customer for services, facilities and equipment, that continue for the agreed upon duration of the service.

Issued by: General Counsel

Effective: May 23, 2019

LOCAL EXCHANGE SERVICES

DEFINITIONS (CONT'D.)

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service that does not conform to standards set forth in the Service Order or this price guide, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

Service Order: The written request for Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this price guide, but the duration of the service is calculated from the Service Commencement Date.

Shared: A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Station-to-Station Call: A service whereby an End User places a non-Person-to-Person call with the assistance of an operator.

Two Way: A service attribute that includes outward dial capabilities for outbound calls and can also be used to carry inbound calls to a central point for further processing.

User or End User: A Customer, Joint User, or any other person authorized by a Customer to use service provided under this price guide.

Issued by: General Counsel

Effective: May 23, 2019

LOCAL EXCHANGE SERVICES

REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish communications service pursuant to the terms of this price guide in connection with one-way and/or two-way information transmission between points within the State of Georgia.

Customers and users may use services and facilities provided under this price guide to obtain access to services offered by other service providers. The Company is responsible under this price guide only for the services and facilities described herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

2.1.2 Shortage of Equipment or Facilities

- A. The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to any other cause beyond the Company's control.
 - B. The furnishing of service under this price guide is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

LOCAL EXCHANGE SERVICES

REGULATIONS (CONT'D.)

2.1 Undertaking of the Company (Cont'd.)

2.1.3 General Terms and Conditions

- A. Service is provided on the basis of a minimum period of at least one month, 24-hours per day. For the purpose of computing charges in this price guide, a month is considered to have 30 days.
 - B. Customers may be required to enter into written Service Orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this price guide. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
 - C. At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month-to-month basis at the then-current rates unless terminated by either party upon thirty (30) days' written notice. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the Service Order and this price guide prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.

LOCAL EXCHANGE SERVICES

REGULATIONS (CONT'D.)

2.1 Undertaking of the Company (Cont'd.)

2.1.4 Liability of the Company

- A. The liability of the Company for damages arising out of the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representations, or use of these services or arising out of the failure to furnish the service, whether caused by acts or omission, in no event shall exceed an amount equivalent to the proportionate charge to the Customer for the period during which the faults in transmission occur. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.

 - B. The Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction, action, or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties.

REGULATIONS (CONT'D.)

2.1 Undertaking of the Company (Cont'd.)

2.1.4 Liability of the Company (Cont'd.)

- C. The Company shall not be liable for any act or omission of any entity furnishing to the Company or to the Company's Customers facilities or equipment used for or with the services the Company offers.
 - D. The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer-provided equipment or facilities.
 - E. The Company does not guarantee nor make any warranty with respect to installations it provides for use in a hazardous environment. The Customer indemnifies and holds the Company harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by any other party or person(s), and for any loss, damage, or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, condition, location, or use of any installation so provided.
 - F. The Company is not liable for any defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof, unless such defacement or damage is caused by negligence or willful misconduct of the Company's agents or employees.
 - G. The Company shall be indemnified, defended and held harmless by the Customer against any claim, loss or damage arising from Customer's use of services, involving claims for libel, slander, invasion of privacy, or infringement of copyright arising from the Customer's own communications.

2.1.4 Liability of the Company (Cont'd.)

- H. The entire liability for any claim, loss, damage or expense from any cause whatsoever shall in no event exceed sums actually paid to the Company by the Customer for the specific services giving rise to the claim. No action or proceeding against the Company shall be commenced more than one year after the service is rendered.
 - I. The Company makes no warranties or representations, express or implied either in fact or by operation of law, statutory or otherwise, including warranties of merchantability or fitness for a particular use, except those expressly set forth herein.
 - J. The liability of the Company for damages of any nature arising from errors, mistakes, omissions, interruptions, or delays of the Company, its agents, servants, or employees, in the course of establishing, furnishing, rearranging, moving, terminating, changing or removing the service or facilities or equipment shall not exceed an amount equal to the charges applicable under this price guide (calculated on a proportionate basis where appropriate, at the sole discretion of the Company) to the period during which such error, mistake, omission, interruption or delay occurs.
 - K. In no event shall the Company be liable for any incidental, indirect, special, or consequential damages (including, without limitation, lost revenue or profits) of any kind whatsoever regardless of the cause or foreseeability thereof.
 - L. The Company is not liable for damages arising from errors or omissions in the making up or printing of directories, in the submission or specification of listing information for purposes of Directory Assistance or other industry databases, or in accepting listings as presented by the Customer.
 - M. The Company is not liable for any act or omission of any other communications provider which furnishes a portion of the service.

REGULATIONS (CONT'D.)

2.1 Undertaking of the Company (Cont'd.)

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

2.1.6 Provision of Equipment and Facilities

- A. The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of, and compliance by the Customer with, the regulations contained in this price guide. Company liability for any delays in commencing service to any Customer is set forth in Section 2.1.4 herein.
 - B. The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
 - C. The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided the Customer.
 - D. Equipment the Company provides or installs at the Customer Premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which it was provided by the Company.

REGULATIONS (CONT'D.)

2.1 Undertaking of the Company (Cont'd.)

2.1.6 Provision of Equipment and Facilities (Cont'd.)

- E. The Customer shall be responsible for the payment of a Premises Visit Charge as set forth herein for visits by the Company's agents or employees to the Premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including, but not limited to, the Customer.

 - F. The Company shall not be responsible for the installation, operation, or maintenance of any Customer-provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this price guide, the responsibility of the Company shall be limited to the furnishing of facilities offered under this price guide and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:
 - 1. the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission; or
 - 2. the reception of signals by Customer-provided equipment.

2.1.7 Universal Emergency Telephone Number Service (911, E911)

- A. This price guide does not provide for the inspection or constant monitoring of facilities to discover errors, defects, or malfunctions in the service, nor does the Company undertake such responsibility.
 - B. 911 information consisting of the names, addresses and telephone numbers of all telephone customers is confidential. The Company will release such information only after a 911 call has been received, on a call by call basis, only for the purpose of responding to an emergency call in progress.
 - C. The 911 calling party, by dialing 911, waives the privacy afforded by non-listed and non-published service to the extent that the telephone number, name, and address associated with the originating station location are furnished to the Public Safety Answering Point.
 - D. After the establishment of service, it is the Public Safety Agency's responsibility to continue to verify the accuracy of and to advise the Company of any changes as they occur in street names, establishment of new streets, changes in address numbers used on existing streets, closing and abandonment of streets, changes in police, fire, ambulance or other appropriate agencies' jurisdiction over any address, annexations and other changes in municipal and county boundaries, incorporation of new cities or any other similar matter that may affect the routing of 911 calls to the proper Public Safety Answering Point.

2.1 Undertaking of the Company (Cont'd.)

2.1.7 Universal Emergency Telephone Number Service (911, E911), (Cont'd.)

- E. The Company assumes no liability for any infringement, or invasion of any right of privacy of any person or persons caused, or claimed to be caused, directly or indirectly by the use of 911 service. Under the terms of this price guide, the Public Safety Agency must agree, (except where the events, incidents, or eventualities set forth in this sentence are the result of the Company's gross negligence or willful misconduct), to release, indemnify, defend and hold harmless the Company from any and all losses or claims whatsoever, whether suffered, made, instituted, or asserted by the Public Safety Agency or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property, whether owned by the customer or others. Under the terms of this price guide; the Public Safety Agency must also agree to release, indemnify, defend and hold harmless the Company for any infringement of invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion, or use of 911 service features and the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing 911 service hereunder, and which arise out of the negligence or other wrongful act of the Public Safety Agency, its user, agencies or municipalities, or the employees or agents of any one of them, or which arise out of the negligence, other than gross negligence or willful misconduct, of the Company, its employees or agents.

2.1.10 Ownership of Facilities

- A. The Customer obtains no property right or interest in the use of any specific type of facility, service, equipment, number, process, or code.
- B. Title to all facilities utilized by the Company to provide service under the provisions of this price guide shall remain with the Company, its partners, agents, contractors or suppliers. Such facilities shall be returned to the Company, its partners, agents, contractors or suppliers by the Customer, whenever requested, within a reasonable period following the request in original condition, reasonable wear and tear expected.

2.2 Prohibited Uses

- 2.2.1. The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
 - 2.2.2 The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and Georgia Public Service Commission regulations, policies, orders, and decisions.
 - 2.2.3 The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others.
 - 2.2.4 A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company.

2.4 Customer Equipment and Channels

2.4.1 General

A User may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this price guide. A User may transmit any form of signal that is compatible with the Company's equipment, but the Company does not represent that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this price guide.

2.4.2 Station Equipment

- A. Terminal equipment on the User's premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the User. The User is responsible for the provision of wiring or cable to connect its terminal equipment to the Company point of connection.
 - B. The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.

2.5 Payment Arrangements

2.5.1 Payment for Service

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer and to all Users authorized by the Customer, regardless of whether those services are used by the Customer itself or are resold to or shared with other persons.

The Customer is responsible for payment of any sales, use, gross receipts, excise, access or other local, state, federal and 911 taxes, charges or surcharges, however designated, excluding taxes on Company's net income, imposed on or based upon the provision, sale or use of Network Services.

2.5.2 Billing and Collection of Charges

- A. Nonrecurring charges are due and payable from the Customer upon receipt of the invoice.
- B. The Company shall present invoices for Recurring Charges monthly to the Customer, generally in advance of the month in which service is provided, and Recurring Charges shall be due and payable upon receipt of the invoice. When billing is based on customer usage, charges will be billed monthly for the preceding billing periods.

All charges are considered past due if not paid by the "Due Before Date" shown on the invoice, which is 21 days after the invoice is generated.

- C. When service does not begin on the first day of the billing period, or end on the last day of the billing period, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

2.5.2 Billing and Collection of Charges (Cont'd.)

- D. Billing of the Customer by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this price guide or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
 - E. A Late Payment Charge of \$15.00 for Business services and \$5.50 for Residential services will apply to each customer's bill for unpaid regulated charges. The Late Payment Charge is only applied where at least \$25.00 of regulated charges are outstanding as of the "Due Before Date" shown on the monthly invoice, one month after these charges are first applied. In addition, a Finance Charge of 1.5% will be applied to the full outstanding balance on each billing date.
 - F. The Customer will be assessed a charge of twenty-five dollars (\$25.00), or the actual fee incurred by Company from a bank or financial institution, whichever is greater, for each check, credit/debit card payment or auto draft payment submitted by the Customer to the Company which a financial institution refuses to honor.
 - G. If service is disconnected by the Company in accordance with Section 2.5.5 and later reinstalled, service will be subject to all applicable installation charges. If service is suspended by the Company and later restored, service will be subject to all applicable restoration charges.

2.5.4 Deposits

- A. To safeguard its interests, the Company may, in addition to any advance payments, require a Customer to make an initiate-service deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills that the Company renders to the Customer. An increase to the deposit may be required if the Customer later defaults in its payment obligations. The deposit will not exceed an amount equal to:
1. Two months' rates and charges for a service or Company Facility which has a minimum payment period of one month; or
 2. The charges that would apply for the minimum payment period for a service of Company Facility which has a minimum payment period of more than one month; except that the deposit may include an additional amount in the event that a termination charge is applicable but in no event shall any deposit exceed two and one-half twelfths (2.5/12) of the annual estimated rates and charges for the service pursuant to Georgia Regulations (515-12-1-.05(4)).
- B. The Company may, at its option, return the deposit to the Customer or credit the deposit to the Customer's account at any time. When a Company Facility or service is discontinued, the amount of any deposit that has not already been returned to the Customer will be applied to the Customer's account and any credit balance remaining will be refunded to the Customer.

2.5.4 Deposits (cont'd.)

- C. The Company shall furnish to the Customer a receipt for any deposit that the Customer provides and, pursuant to Georgia Regulations cited in Section 2.5.4.A above such receipt shall state the name of the Customer, the Customer's billing address, the amount of the deposit and the interest rate. Deposits held will accrue interest at a rate of seven minimum (7%) annually pursuant to Georgia Regulations (515-12-1-.05(4)(b)) or at the minimum interest rate set by the Georgia Public Service Commission without deductions for any taxes on such deposits, whichever is higher. Interest will not accrue on any deposit after the date on which reasonable effort has been made to return such deposit to the Customer ninety (90) days after the service is discontinued pursuant to Georgia Regulation cited above.
 - D. Pursuant to Georgia Regulations (515-12-1-05.(4)(b)), the Company shall automatically refund the deposit to the Customer or the Customer has paid its bills for twelve (12) consecutive months without disconnection for nonpayment.
 - E. Pursuant to Georgia Regulations (515-12-1-05.(4)(b)), the Company shall, upon request, refund the deposit to the Customer if the Customer has established its credit worthiness. The Customer shall be considered to have established its credit worthiness if it has paid all non-disputed amounts due for each of the previous six (6) months on or before the payment due date shown on the Company's invoices.

2.5.5 Discontinuance and Suspension of Service

- A. Nonpayment - The Company may, without liability, discontinue or suspend service to the Customer for nonpayment by the Customer, but only after the Company has provided to the Customer at least five (5) days prior written notice of the impending discontinuance or suspension of service and then only if the Customer does not pay any undisputed amount. When such discontinuance or suspension has taken place, the service will be restored upon the Company's receipt of all of the Customer's past-due amounts or, at the discretion of the Company, a substantial portion thereof, as part of a payment agreement, plus the Service Restoral Charge herein and any other amounts owed to the Company by the Customer. Otherwise, the Company may deny service to the Customer. Any service or Company Facility discontinued or suspended for nonpayment shall be considered to be permanently disconnected if the discontinuance or suspension period exceeds ten (10) days due to the continued nonpayment of the full non-disputed amount due. In such instances of permanent disconnection, the Customer must satisfy its outstanding balance and any other charges incurred herein before new service may be established by the Customer and new service establishment rates and charges will apply in addition to the past-due amounts.
 - B. Violation - Upon violation by the Customer of any of the terms or conditions of this price guide, the Company may discontinue or suspend service without incurring any liability. Wherever possible, except when harm to others or to the services used by others has occurred or appears immediately imminent, the Company will endeavor to provide thirty (30) days advanced written notice to the Customer.
 - C. Condemnation - Upon condemnation of any material portion of the Company Facilities or if a casualty renders all or any material portion of such Facilities inoperable or beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend service without incurring any liability.

2.5.6 Cancellation of Application for Service

Applications for service cannot be canceled without the Company's agreement. Where the Company permits a Customer to cancel an application for service prior to the start of service or prior to any special construction, charges will be imposed as described herein.

- A. Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs incurred by the Company, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levied against the Company that would have been chargeable to the Customer had service commenced.
 - B. In addition to those charges specified in Section 4, where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred by the Company, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.
 - C. The special charges described herein will be calculated and applied on a case-by-case basis.

2.5.7 Changes in Service Requested

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fee shall be adjusted accordingly.

2.6 Adjustments and Allowances for Interruptions

2.6.1 A credit allowance will be given when service is interrupted, except as specified in Section 2.6.2 following. A service is interrupted when it becomes inoperative to the Customer, e.g., the Customer is unable to transmit or receive, because of a failure of a component furnished by the Company under this price guide.

- A. An interruption period begins when the Customer reports a service, facility or circuit to be inoperative and, if necessary, releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative.
 - B. If the Customer reports a service, facility or circuit to be interrupted but declines to release it for testing and repair or refuses access to its premises for test and repair by the Company, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.
 - C. The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

2.7 Cancellation of Service

If a Customer terminates services before the completion of the term commitment for any reason whatsoever other than a service interruption (as defined in Section 2.6 above), the Customer agrees to pay to the Company termination liability charges, as defined below. These charges shall become due as of the effective date of the cancellation or termination and be payable within the period, set forth in Section 2.5.

Customer's termination liability for cancellation of service shall be equal to:

- 2.7.1 all unpaid Non-Recurring charges reasonably expended by Company to establish service to Customer; plus
- 2.7.2 any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer; plus
- 2.7.3 all Recurring Charges specified in the applicable Service Order for the balance of the then- current term commitment discounted at a rate determined by the Commission;
- 2.7.4 minus a reasonable allowance for costs avoided by the Company as a direct result of Customer's cancellation.

2.8 Transfers and Assignments

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties:

- 2.8.1 to any subsidiary, parent company or affiliate of the Company; or

2.11 Customer Complaints and/or Billing Disputes

The Customer has up to ninety (90) days (commencing five (5) days after remittance of the bill) to initiate a dispute over charges or to receive credits. Any claim of whatever nature against the Company shall be deemed conclusively to have been waived unless presented in writing to the Company within that ninety (90) day period. The entire billed amount remains due until such time that the Customer has informed the Company within that ninety (90) day period that it has a billing dispute and the Company has agreed to make an interim adjustment pending final resolution of the dispute. The Company reserves the right to disconnect service to the Customer for nonpayment pursuant to Section 2.5.5, except when the Customer has notified the Company of such a dispute under the terms in this price guide, has, pursuant to Georgia Regulations (515-12-1-.04(4)(b)), paid the undisputed amount of the bill to the Company and has applied to the P.S.C. for a review of the unresolved dispute. In such an instance, the Georgia P.S.C. will review the dispute and issue a resolution. If no such notice of dispute and payment are provided to the Company by the Customer and service is subsequently disconnected by the Company for reason of nonpayment, the restoration of service will be subject to all applicable installation charges.

2.12 Tests, Pilots, and Contests

The Company may conduct special tests or pilot programs at its discretion to demonstrate the ease of use and quality of service. The Company may also waive a portion of or all processing fees or installation fees for winners of contests sponsored or endorsed by the Company. From time to time, the Company may waive all processing fees for a Customer.

3.5 Optional Calling Features

3.5.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability. Certain features may not be available with all classes of service. Transmission levels for calls forwarded or calls placed or received using optional calling features may not be acceptable for all some uses in some cases.

3.5.2 Feature Descriptions

- A. Call Forwarding Variable - Permits the end-user to automatically forward (transfer) all incoming calls to another telephone number, and to restore it to normal operation at their discretion. The end-user must dial an activation code from his/her exchange line along with the forward-to number in order to turn the feature on. A separate code is dialed by the end-user to deactivate the feature.
 - B. Three Way Calling: Permits the end-user to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The end-user initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

3.5 Optional Calling Features (Cont'd.)

3.5.2 Feature Descriptions (Cont'd.)

- C. Call Waiting - Basic: Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting is provided with the feature and allows a Call Waiting end-user to disable the Call Waiting feature for the duration of a single outgoing telephone call. Cancel Call Waiting is activated by dialing a special code prior to placing a call and is automatically deactivated when the Customer disconnects from the call.
 - D. Speed Calling: Permits the Customer to place calls to other telephone numbers by dialing a one or two digit code rather than the complete telephone number. The feature is available as either an eight (8) code list or a thirty (30) code list. Code lists may include local and/or toll telephone numbers. The Customer has the ability to add or remove telephone numbers and codes to/from a speed calling list without assistance from the Company.
 - E. Call Forwarding Busy Line, Basic: Permits the forwarding of incoming calls when the end-user's line is busy. The forwarded number is fixed by the end-user service order.
 - F. Call Forwarding Don't Answer, Basic: Permits the forwarding of incoming calls when the end-user's line remains unanswered after a pre-designated ringing interval. The ringing interval before forwarding and the forward-to number are fixed by the service order.
 - G. Call Forwarding Busy Line w/ Customer Control: Permits the forwarding of incoming calls when the end-user's line is busy. The forwarded number is fixed by the end-user service order. However, the end-user has the ability to turn the feature on or off at his/her discretion.

3.5.2 Feature Descriptions (Cont'd.)

- H. Call Forwarding Don't Answer w/ Customer Control: Permits the forwarding of incoming calls when the end-user's line remains unanswered after a pre-designated ringing interval. The ringing interval before forwarding and the forward-to number are fixed by the service order. However, the end-user has the ability to turn the feature on or off at his/her discretion.
 - I. Call Forwarding Multipath: This feature provides customers who subscribe to Call Forwarding Busy Line, Call Forwarding Don't Answer, Customer Control of Call Forwarding Busy Line, Customer Control of Call Forwarding Don't Answer, Call Forwarding Variable, or Remote Access to Call Forwarding Variable the capability to specify the number of calling paths that will be forwarded to another telephone number.
 - J. Call Forwarding Variable, Remote Access - Permits the end-user to automatically forward (transfer) all incoming calls to another telephone number, and to restore it to normal operation at their discretion. The end-user must dial an activation code along with the forward-to number in order to turn the feature on. A separate code is dialed by the end-user to deactivate the feature. Feature activation may be performed from the end-user's exchange line or remotely from some other line. Remote access requires the end-user to 1) dial a special access number 2) enter their seven-digit telephone number and 3) enter a personal identification number prior to forwarding their calls.

3.5 Optional Calling Features (Cont'd.)

3.5.2 Feature Descriptions (Cont'd.)

- K. Call Waiting - Deluxe: Allows the end-user to control the treatment applied to incoming calls while the Customer is off-hook on an existing call. This feature includes the capabilities of Call Waiting Basic plus additional call treatment options. Treatment options offered with Call Waiting Deluxe include:

Answer the waiting call and placing the first party on hold;
Answer the waiting call and disconnecting from the first party;
Direct the waiting caller to hold via a recording
Forward the waiting caller to another location (e.g., voice mailbox or telephone answering service)

Full utilization of Call Waiting Deluxe requires specialized CPE not provided by the Company. It is the responsibility of the Customer to provide the necessary CPE. The end -user must have call Basic or Deluxe for display of calling party identification information for waiting calls. The end-user must have a Call Forwarding Don't Answer feature active in order to forward a waiting call to another location.

- L. Three Way Calling with Transfer: This feature allows a user to hold an in-progress call and complete a second call while maintaining privacy from the first call, or to add on the previously held call for a three-way conference. This feature shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part of message charges, toll or otherwise, that would regularly be applicable between the stations bridged together by the subscriber.

3.5 Optional Calling Features (Cont'd.)

3.5.2 Feature Descriptions (Cont'd.)

- O. Remote Call Forwarding - Remote Call Forwarding (RCF) is a local exchange telecommunications service feature whereby all calls dialed to a telephone number equipped for RCF are automatically forwarded to another dialable exchange or 8XX Service telephone number. The calling party pays only the applicable charges to call the number equipped with an RCF feature, while the RCF Customer pays the applicable charges for the forwarded portion of the call.

Remote Call Forwarding service is offered subject to availability of suitable facilities. Remote Call Forwarding service is not offered where the terminating station is a coin telephone. The Company will not provide identification of the originating telephone number to the RCF Customer. Transmission characteristics may vary depending on the distance and routing necessary to complete the remotely forwarded call. Therefore, the normal grade end-to-end transmission is not guaranteed on such calls.

Each Remote Call Forwarding feature allows for forwarding one call at a given time. An additional path is necessary for each additional call to be forwarded simultaneously.

- P. Multiple Directory Number Distinctive Ringing: This feature allows an end user to determine the source of an incoming call from a distinctive ring. The end user may have up to two additional numbers assigned to a single line (i.e. Distinctive Ringing - First Number and Distinctive Ringing - Second Number). The designated primary number will receive a normal ringing pattern, other numbers will receive distinctive ringing patterns. The pattern is based on the telephone number that the calling party dials.

3.5 Optional Calling Features (Cont'd.)

3.5.2 Feature Descriptions (Cont'd.)

- Q. Call Return: allows the Customer to return a call to the last incoming call whether answered or not. Upon activation, it will re-dial the number automatically and continue to check the number every 45 seconds for up to 30 minutes if the number is busy. The Customer is alerted with a distinctive ringing pattern when the busy number is free. When the Customer answers the ring, the call is then completed. The calling party's number will not be delivered or announced to the call recipient under any circumstances.
- R. Repeat Dialing: Permits the end-user to have calls automatically re-dialed when the first attempt reaches a busy number. The line is checked every 45 seconds for up to 30 minutes and alerts the Customer with a distinctive ringing pattern when the busy number and the Customer's line are free. The Customer can continue to make and receive calls while the feature is activated. The following types of calls cannot be reached using Repeat Dialing:

Calls to 800 Service numbers
Calls to 900 Service numbers
Calls preceded by an interexchange carrier access code
International Direct Distance Dialed calls
Calls to Directory Assistance
Calls to 911

3.5.2 Feature Descriptions (Cont'd.)

- S. Call Selector: Allows a Customer to assign a maximum of 15 telephone numbers to a special list. The Customer will hear a distinctive ring when calls are received from telephone numbers on that list.
 - T. Preferred Call Forwarding: Permits the end-user to automatically forward to another number calls received from up to six end-user pre-selected telephone numbers programmed into the features screening list. The end-user controls when the feature is active, the forward-to number and can add or remove calling numbers from the feature's screening list.
 - U. Call Block: Allows the end-user to automatically block incoming calls from up to six end-user pre-selected telephone numbers programmed into the feature's screening list. Callers whose numbers have been blocked will hear a recorded message stating that their call has been blocked. The end-user controls when the feature is active, and can add or remove calling numbers from the feature's screening list.
 - V. Call Tracing: Allows the tracing of nuisance calls to a specified telephone number suspected of originating from a given local office. The tracing is activated upon entering the specified dial code. The originating telephone number, outgoing trunk number or terminating number, and the time and date are generated for every call to the specified telephone number can then be identified.

3.5.2 Feature Descriptions (Cont'd.)

- W. Caller ID - Basic: Permits the end-user to view a Directory Number of the calling party on incoming telephone calls. Information is displayed on a specialized CPE not provided by the Company. The feature also provides the date and time of each incoming call. It is the responsibility of the Customer to provide the necessary CPE.
 - X. Caller ID - Deluxe: Permits the end-user to view a Directory Name and Directory Number of the calling party on incoming telephone calls. Information is displayed on a specialized CPE not provided by the Company. The feature also provides the date and time of each incoming call. It is the responsibility of the Customer to provide the necessary CPE. In some situations, the calling party's city and state may be displayed rather than a Directory Name, depending on available call data.
 - Y. Anonymous Call Rejection: Permits the end -user to automatically reject incoming calls when the call originates from a telephone number which has blocked delivery of its calling number (see Calling Number Delivery Blocking). When active, calls from private numbers will be routed to a special announcement then terminated. The feature may be turned on or off by the end-user by dialing the appropriate feature control code. Anonymous Call Rejection is offered as a stand alone feature or as an add-on to Caller ID Deluxe.
 - Z. Hunting: the Company offers basic "serial hunting," which defaults to the next available trunk within a group, when the prior trunk is busy.

3.5.2 Feature Descriptions (Cont'd.)

- AA. User Transfer/Conferencing: A user of this feature may hold an in-progress call and complete a second call, or may add on the previously held call for a three-way conference. The feature also allows an incoming call to be transferred to another access arrangement.
- BB. Call Pickup: This feature allows a subscriber to answer a call which has been directed to another serving arrangement within the same call pickup group by dialing a code.
- CC. Call Hold: A user of this feature can place an established call on hold by depressing the switchhook and dialing a code.
- DD. ADN Call Pickup: This feature allows subscribers to answer a call ringing on another station within their call pickup group. This feature is available only to on-net customers on the ADN network.

1. General Product Rules

- Number of Lines – Minimum of two lines needed for Call Pickup.
- Line Type – Business lines only. All lines using call pickup must be provisioned on the ADN network. All lines must be at the same physical location.
- Billing – All lines participating in Call Pickup will be billed a monthly recurring charge of \$0.95.
- Service Availability – Available to all Business ADN lines at a given location.
- Nonrecurring – No initial setup fee will apply.

2. Components of ADNx

- Call Pickup Group – In order to use call pickup, all subscribers wishing to participate must be assigned to a defined call group. The call group determines which lines can pickup up which calls. A phone number can be assigned to multiple call groups.

3.5.2 Feature Descriptions (Cont'd.)

EE. Access ADNx: This feature provides 4-digit dialing between ADN provisioned lines that are defined in a call group. This feature is available only to on-net customers on the ADN network.

1. General Product Rules

- Number of Lines – Minimum of two lines needed for ADNx.
- Line Type – Business or Residential lines. All lines using ADNx must be provisioned on the ADN network. UNE-P or Resale lines will not qualify for the feature.
- Billing – All lines participating in ADNx will be billed a monthly recurring charge of \$0.95/line. Calls completed by dialing the 4-digit number will not incur LD charges regardless of originating and terminating locations.
- Service Availability – Available to all ADN lines regardless of service locations.

Non-Recurring – No initial setup fee will apply.

2. Components of ADNx

- ADNx Call Group – In order to use ADNx, all subscribers wishing to participate must be assigned to a defined call group. The call group determines the routing of the 4-digit dialed number. Call groups allow different customers to use the same 4-digit number without causing misdirected calls. A phone number can only be assigned to one call group.
 - 4-Digit number – Each phone number in an assigned call group must be assigned a 4-digit number in order to participate in the ADNx calling. Customers within those call groups will be able to dial the 4-digit assigned number to reach a specific phone line in the calling group. Different call groups can have the same ADNx extension but one phone number cannot be in multiple call groups.

3.6 Directory Assistance and Listing Services

3.6.1 Directory Assistance

A Directory Assistance charge applies per local directory assistance call. The Customer may make two (2) requests for a telephone number per call. The Directory Assistance Charge applies regardless of whether the Directory Assistance operator is able to supply the requested number.

A credit will be given for calls to Directory Assistance as follows:

- The Customer experiences poor transmission or is cut-off during the call; or
- The Customer is given an incorrect telephone number.

To obtain such a credit, the Customer must notify its Customer Service representative within 24 hours of occurrence.

A. Directory Assistance Charge Exemption

Directory Assistance Charge Exemption gives 50 Free (local, long distance, or combination of both) DA calls per billing cycle on each line where the end user has disabilities that prevent use of the telephone directory. Normal price guides apply to DA calls for the 51st and all other additional calls within a billing cycle. For purposes of this rule, disability means, with respect to an individual, a physical or mental impairment that prohibits a customer from using the telephone directory.

A letter from the end-user's physician, clinic or appropriate group/agency verifying the disability, on the official letterhead of the physician, should be attached to the application. Access Integrated Networks will not be responsible for any charges incurred to obtain certification. In addition to the physician's letter, the customer will be required to complete Access's Directory Assistance Charge Exemption Application Form.

3.6 Directory Assistance and Listing Services (Cont'd.)

3.6.2 Directory Listings

A. General

The following rules apply to basic listings in light face type in the white pages (alphabetical section) of the telephone directory and to the Directory Assistance records of the Company.

Only information necessary to identify the Customer is included in these listings. The Company may use abbreviations in listings. The Company may reject a residential listing which is judged to be advertising. It may also reject a listing it judges to be objectionable. A name made up by adding a term such as Company, Shop, Agency, Works, etc. to the name of a commodity or service will not be accepted as a listing unless the subscriber is legally doing business under that name.

One basic listing for each individual line service, auxiliary line or PBX system is provided at no additional charge to the Customer. A basic listing includes a name, designation, address and telephone number of the Customer. It appears in the White Pages of the telephone directory and in the Company's Directory Assistance records.

A name may be repeated in the white pages only when only when a different address or telephone number is used.

B. Non-published Service

Non-published service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-published number only when the caller dials direct or gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-published service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

3.7 Local Operator Services

3.7.1 AIN's Local Operator Assisted Calling is available for use by presubscribed Customers as well as transient end users served from Aggregator locations. Operator Services are also provided to Customers and Users of exchange access lines which are presubscribed to the Company's interexchange outbound calling services. Calls are billed in one minute increments, with additional per call charges reflecting the level of operator assistance and billing arrangement requested by the Customer.

3.7.2 Operator Service Call Types

- A. Customer Dialed Calling/Credit Card Call - This charge applies in addition to local usage charges for station to station calls billed to an authorized Calling Card or Commercial Credit Card. The Customer must dial the destination telephone number and card number where the capability exists for the Customer to do so.
 - B. Operator Dialed Calling/Credit Card Call - This charge applies in addition to local usage charges for station to station calls billed to an authorized Calling Card or Commercial Credit Card and the operator dials the destination telephone number at the request of the Customer.
 - C. Operator Station - These charges apply in addition to local usage charges for non-Person-to-Person calls placed using the assistance of a Company operator and billed to the originating line, Collect, to a Third Party, by deposit of coins in Pay Telephones, or via some method other than a Calling Card or Commercial Credit Card.
 - D. Person-to-Person - This charge applies in addition to local usage charges for calls placed with the assistance of a Company operator to a particular party at the destination number. This charge applies regardless of billing method, including but not limited to billing to the originating line, a Calling Card, Commercial Credit Card, Collect, by deposit of coins in Pay Telephones, or to a Third Party. Charges do not apply unless the specified party or an acceptable substitute is available.

3.7.4 Operator Dialed Surcharge

This charge applies to Operator Station and Person-to-Person calls for which the caller has the ability to dial the called number but chooses instead to have the Company operator perform the dialing. This charge is in addition to local usage charges and other applicable operator service charges.

3.7.5 Partially Automated Surcharge

This charge applies to Operator assisted Station to Station calls (including those billed to calling cards) where the customer dials the terminating number and elects to have the Operator handle the billing method. This charge is in addition to local usage charges and other applicable operator service charges.

3.7.6 Busy Line Verification and Line Interrupt Service

Upon request of a calling party the Company will verify a busy condition on a designated local service line. The operator will determine if the line is clear or in use and report to the calling party. At the request of the Customer, the operator will interrupt the call on the busy line. Busy Line Interruption is only permitted in cases where the calling party indicates an emergency exists and requests interruption.

No charge will apply when the calling party advises that the call is to or from an official public emergency agency. Busy Verification and Interrupt Service is furnished where and to the extent that facilities permit.

3.8 Access Digital Network (ADN) Bundle

The access digital bundle service is for customers who purchase All Access Lite lines at the standard price guide rate and have Access DSL at the same location in on-net areas in Georgia. This service requires a one, two, or three-year term commitment. Once signed up, the customer will receive 100 minutes of interLATA toll (for each line) to locations within the contiguous United States for no extra charge. Additionally, discounts or other benefits may be offered in connection with the Company's nonregulated service offerings. Customers signing a two or three year term commitment will receive either 2% (2yr contract) or 5% (3yr contract) off their bill (excluding taxes and regulatory fees). Should the customer cancel or change either service type in the bundle (voice or data), the customer is no longer eligible for any discounts or additional free long distance minutes offered in this program. Long distance usage will then be billed at \$.069 per minute. Customers will be assessed a contract termination fee upon discontinuance of local and/or DSL service prior to the end of either service's contract term.

RATES

4.1 Application of Rates and Charges

All services offered in this price guide are subject to Service Order, Nonrecurring, Monthly Recurring, and Usage Charges.

4.1.1 Call Timing for Usage Sensitive Services

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- A. Calls are measured in durational increments identified for each service. All calls which are fractions of a measurement increment are rounded-up to the next whole unit.
 - B. Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s).
 - C. Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.
 - D. Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
 - E. All times refer to local time.

RATES (CONT'D.)

4.1 Application of Rates and Charges (Cont'd.)

4.1.2 Distance Calculations

Where charges for a service are specified based upon distance, the following rules apply:

A. Distance between two points is measured as airline distance between the rate centers of the originating and terminating telephone lines. The rate center is a set of geographic coordinates, as referenced in Local Exchange Routing Guide, associated with each NPA-NXX combination.

B. The airline distance between any two rate centers is determined as follows:

Step 1: Obtain the "V" (vertical) and "H" (horizontal) coordinates for each Rate Center from the above-referenced Bellcore document.

Step 2: Compute the difference between the "V" coordinates of the two rate centers; and the difference between the two "H" coordinates.

Step 3: Square each difference obtained in step (b) above.

Step 4: Add the square of the "V" difference and the square of the "H" difference obtained in step C) above.

Step 5: Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.

Step 6: Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

C. The formula for distance calculations is:

$$\sqrt{\frac{(V_1V_2)^2 + (H_1H_2)^2}{10}}$$

SPECIAL ARRANGEMENTS

5.1 Individual Case Basis (ICB) Arrangements

Special arrangements may be undertaken on a reasonable effort basis at the request of the Customer. Special arrangements include any service or facility relating to a regulated telecommunications service not otherwise specified under this price guide or any applicable contract, or for the provision of service on an expedited basis or in some other manner different from the normal price guide or contract conditions. Appropriate recurring charges and/or nonrecurring charges and other terms and conditions will be developed for the Customer for the provisioning of such arrangements.

5.2 Contract Pricing

At the option of the Company, services may be offered on a contract basis to meet specialized pricing requirements of the Customer not contemplated by this price guide. The terms of each contract shall be mutually agreed upon between the Customer and Company and may include discounts off of rates contained herein and waiver of recurring, nonrecurring, or usage charges. The terms of the contract may be based partially or completely on the term and revenue commitment, mixture of services, or other distinguishing features. Service shall be available to all similarly situated Customers for a fixed period of time following the initial offering to the first contract Customer as specific in each individual contract.

5.3 Promotional Programs

The Company may, from time to time, offer services in this price guide at special promotional rates and/or terms. Promotional offerings will have an ending date. All rates and terms contained in this price guide shall continue to apply unless specifically addressed in the promotional agreements.

5.3 Promotional Programs (Cont'd.)

5.3.1 Access Sponsor Program

Access Integrated Networks Sponsor Program is a referral program that provides the referring customer a recurring credit in the amount of 5% of referred customer's monthly recurring charges based on the total of the following billable items: LD Usage and Monthly Recurring Charges¹, less all taxes, fees, recurring credits & discounts.

To receive this credit, the referred customer must be new to Access Integrated Networks, that is, the customer has not been provided any services by the Company for more than 90 days and the referring customer must be in good standing². The referred customer must also be in On-Net Area or *Planned* On-Net Area. If a Planned On-Net Area is removed from the Planned list, credits will cease.

Sponsor Program is separate from other Access discount programs and cannot be combined with any other program unless otherwise specified. Referring customer cannot refer additional business locations where the referring customer owns a majority (51% or more) of that business or refer the customer's own residence.

The maximum credit that the referring customer can obtain is a zero balance for products, features and LD usage. Access Sponsor Program Credits cannot be applied to taxes and fees; therefore, taxes and fees will still be applied. Referring account can never be set up with a "Referred by" ID of any account it referred.

¹Monthly Recurring is defined as Basic Access, All Access, All Access Lite, DSL, Simple Connections, Simple Connections Lite, and all optional features. LD Usage is defined as usage that generates billable charges.

²"Good Standing" is defined as customer's account not being past due when monthly invoice is generated. If customer is not in good standing, they forfeit Access Sponsor Program Credit until their account is back in good standing. No retroactive payments will be applied.

5.3.2 Access Residential Rewards Program

The Access Residential Rewards Program is offered to residential customers obtained through acquisition who are still on their original carrier's plan*, have maintained and continue to maintain a current account, and have registered between April 1, 2007 through September 30, 2007. Customers will receive 25% off their residential package price every third invoice after their registration date; 50% off inside wiring maintenance plan to be applied monthly as long as inside wiring is active billable; and a \$15 one-time credit for E-Bill/E-Auto Pay given on the first invoice after sign-up. Also, a random drawing will be held in December in which five customers will win one year of free local service, excluding taxes, billable LD usage, and fees.

*Acquired customers who have chosen an Access product or service plan are excluded from this program. No partial period credits or rewards will be given to customers who switch to an Access product or service plan within the three-month reward cycle.

6.1 All Access Business Line Package - Old¹ (Cont'd.)

All Access service requires a three-year term commitment. Customers will be assessed a contract termination fee of \$50.00 multiplied by the number of months remaining in the term upon discontinuance of service prior to the end of the contract term.

If terminated by the customer via written notice 30 days prior to the completion of the initial or current term, customer may remain on All Access service under month to month billing at applicable non-discounted rates.

The 600 long distance minutes are aggregated per All Access line per location (for example if a customer has three lines at a location, the customer will have 1,800 long distance minutes included as part of the fixed monthly fee at that location). Long distance usage beyond the allowance is billed at \$0.049 per minute. 8XX toll-free service is available for \$0.049 per minute. A recurring monthly fee of \$5.00 per toll free number will be applied. 8XX usage will be billed separately and minutes of use are not included in the 600 minute allowance. Minutes associated with Area Calling (where available) are part of the 600 minute call allowance.

All lines at the customer's location are required to be All Access unless the Customer requires a data line (fax or credit card verification). If an additional line is required a standard flat-rate business line can be ordered. The normal line and feature rates will apply and any long distance usage on the line is billed at \$.049 per minute. End users may or may not choose Company IntraLATA and InterLATA long distance service. If end users utilize other long distance options there will be no price change. Customers choosing intraLATA only will still qualify for 600 MOU.

All Access does not include calling cards, international calling, directory assistance calling, or voice mail. These services are provided pursuant to other Company price guides or price guide equivalents. All Access service is not available to telemarketing firms, Internet Service Providers (ISPs) or call center operations.

All taxes and other regulatory fees are billed separately, including federal, state and local taxes, Universal Service fees, Telecommunications Relay Service fees, 911 fees, and the FCC Interstate Network Access Fee.

6.13 AIN Spectrum 2500 (formerly AIN Spectrum Unlimited)

AIN Spectrum 2500 is a service targeted primarily at business customers as a bundled service offering. Customers receive unlimited local calling including calls completed through the Company's Personal Voice Assistant (PVA) for a flat monthly rate. Inclusive domestic long distance* calling is also included in the monthly recurring charge. The primary line also includes the following custom calling features: Caller ID, Call Waiting, Three-Way Calling, Speed Dial and Call Forwarding, as well as one voice mail box. Operator assisted calling, travel card calling and international calling are not included in the flat monthly rate for service. AIN Spectrum 2500 is available on up to a maximum of twelve (12) lines per location. AIN must be selected as both the local toll and inter-LATA toll carrier for all lines at a single location and on a single billing account. PBX, PBX-like equipment, auto-dialers, dial-up online service, broadcast fax transmissions and data usage traffic are prohibited under this plan. If usage exceeds the average usage per line of all customers on the plan in the Customer's state by five times over a three (3) month period, Customer may be moved to another plan. Customers may purchase additional lines, however custom calling features and voice mail are not available with the purchase of additional lines except through Feature Packages.

6.14 AIN Spectrum Plus Service

AIN Spectrum Plus Service is a local exchange service for small business Customers consisting of a local exchange line for a monthly recurring charge and unlimited local calling. Calling features are available with the local exchange service for an additional monthly recurring charge per feature.

Local Exchange Service

A. Local Business Line

A local exchange line with unlimited local calling includes Hunting only if Customers request the Hunting calling feature when placing the order for service.

Monthly Rate: \$35.50

Customers who sign a one (1) or two (2) year agreement will, based upon contract term and number of access lines, subscribed to AIN in this state or nationwide, receive a percentage discount on Spectrum Plus local exchange service as noted below.

The percentage discount does not apply to FCC line charges.

B. Calling Features

The following Calling features are available at an additional monthly recurring charge: Call Forwarding; Call Forwarding-Busy; Call Forwarding-No Answer; Speed Calling; Caller ID; Call Waiting, Three-Way Calling, and Distinctive Ring

Monthly Recurring Charge Per Feature:	\$3.00
Monthly Recurring Charge, Feature Pack (3 or more):	\$9.00

Customers subscribing to AIN Spectrum Plus Service may also subscribe to the following Calling Features:

Call Forwarding - Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call. Calls cannot be transferred to an International Direct Distance Dialing number.

Call Forwarding -Busy - Permanently routes incoming calls to a predetermined telephone number when the called line is busy.

Call Forwarding - No Answer - Permanently routes incoming calls to a specified number, selected by the Customer, when the called line is unanswered.

Speed Calling - This feature allows a user to dial selected numbers by means of an abbreviated code. This feature is available in an 8 number capacity. The Speed Calling list can only accommodate a number consisting of 15 digits or less.

B. Calling Features

Caller ID - Allows a Customer to see a caller's telephone number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Caller ID records the number, date and time of each incoming call - including calls that aren't answered by the Customer. Caller ID service requires the use of specialized CPE not provided by the company. It is the responsibility of the Customer to provide the necessary CPE.

Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both callers.

Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call. Customers must actively choose this feature on a line-by-line basis. Call Waiting is not available on lines enabled for Rotary Hunting.

Three Way Calling - Permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

Hunting - Routes a call to an idle station line in a prearranged group when the called station line is busy. This feature is available at no charge but must be requested by the Customer.

6.15 December Is On Access Promotion

As of May 7, 2006, this promotion applies to existing customers, as of July 31, 2005, only.

This promotion is for new AIN customers who purchase a minimum of two All Access, All Access Lite, or Basic Access lines. Subscribers of the December Is On Access Promotion will receive a one month service credit for selecting a one-year term plan, or a two-month service credit for selecting a two-year term plan. The December Is On Access Promotion is available until July 31, 2005. The credit will automatically apply on the December, 2005, invoice for one-year term plan subscribers, and on the December, 2005, and December, 2006, invoices for two-year term plan subscribers.

Each credit will consist of one month's recurring line charges, and/or package rates only. The credit excludes regulatory fees; federal, state and local taxes; and 911 fees. The credit only applies to the initial lines ordered during the promotional period. Home Companion lines can contribute to the two-line minimum.

Customers must maintain good standing with AIN to be eligible to receive credits. If the customer terminates the contract early, all promotional credits will be included as part of the customer's early termination liability. The December Is On Access Promotion cannot be combined with any other promotions or incentives. In order for the customer to receive the promotion, AIN must have a signed copy of the promotional certificate completed at the time the order is placed.

As of December 27, 2006, the products in Sections 6.33 – 6.35 are no longer available to new customers.

6.31 PBX Trunk Service

PBX Trunk service provides a Customer with a single, voice-grade telephonic communications channel which can be used to place or receive one call at a time. Trunks are provided for connection of Customer-provided private branch exchanges (PBX) or other station equipment to the public switched telecommunications network. An optional per trunk Hunting feature is available for Customers which routes a call to the next idle trunk in a prearranged group.

PBX Trunks are available as Inward, Outward or Two-Way combination trunks where services and facilities permit.

PBX Trunks may also be equipped with Direct Inward Dialing (DID) capability and DID number blocks for additional charges.

Recurring charges for PBX Trunk Service are billed monthly in advance. Usage charges, if applicable, are billed in arrears. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company.

6.41 All Access Business Line Package

All Access Business service includes a Business Line, all of the features listed below, and 600 minutes of long distance usage to locations within the contiguous United States. Calls within the standard flat rate local calling area are unlimited.

Call Waiting	Call Forwarding
Three-Way Calling	Speed Calling
Hunting	Call Forwarding Don't Answer
Remote Access - Call Forwarding Variable	Call Tracing
Selective Class of Call Screening	Call Return
Repeat Dialing	Call Tracing
Call Block	Preferred Call Forwarding
Call Selector	Anonymous Call Rejection, per line
Caller ID	Enhanced Caller ID
Calling number delivery blocking, per line permanent	Star 98 Access
Distinctive Ringing Service	Message Waiting Indication
Call Forwarding Busy Line	Caller ID Deluxe

All Access service requires a one, two or three-year term commitment. Customers will be assessed a contract termination fee of \$50.00 multiplied by the number of months per location remaining in the term. Upon expiration of the initial term the Agreement will automatically renew for a one year term period unless terminated by either party providing written notice of termination to the other 30 days prior to the end of the initial term or any such successive period. If terminated by the customer via written notice 30 days prior to the completion of the initial or current term, customer may remain on All Access service under month to month billing at applicable, non-discounted rates.

The 600 long distance minutes are aggregated per All Access line per location (for example if a customer has three lines at a location, the customer will have 1,800 long distance minutes included as part of the fixed monthly fee at that location). Long distance usage beyond the allowance is billed at \$0.049 per minute. 8XX toll-free service is available for \$0.069 per minute. A recurring monthly fee of \$5.00 per toll free number will be applied. 8XX usage will be billed separately and minutes of use are not included in the 600 minute allowance. Minutes associated with Area Calling (where available) are part of the 600 minute call allowance. Should an end user choose to cancel the local service portion of this bundle, leaving the long distance active, long distance will be billed at the non-contract rate of \$.069 per minute along with all other applicable taxes, fees and surcharges.

Caller ID	Enhanced Caller ID
Calling number delivery blocking, per line permanent	Star 98 Access
Distinctive Ringing Service	Message Waiting Indication
Call Forwarding Busy Line	Caller ID Deluxe

All Access Lite service requires a one, two or three-year term commitment. Customers will be assessed a contract termination fee of \$50.00 multiplied by the number of months per location remaining in the term. Upon expiration of the initial term the Agreement will automatically renew for a one year term period unless terminated by either party providing written notice of termination to the other 30 days prior to the end of the initial term or any such successive period.

If terminated by the customer via written notice 30 days prior to the completion of the initial or current term, customer may remain on All Access Lite service under month to month billing at applicable non-discounted rates.

8XX toll-free service is available for \$0.069 per minute. A recurring monthly fee of \$5.00 per toll free number will be applied. 8XX usage will be billed separately.

End users may or may not choose Company IntraLATA and InterLATA long distance service. If end users utilize other long distance options there will be no price change. Should an end user choose to cancel the local service portion of this bundle, leaving the long distance active, long distance will be billed at the non-contract rate of \$.069 per minute along with all other applicable taxes, fees and surcharges.

All Access Lite does not include calling cards, international calling, calls to AK, HW, PR, USVI other United States Territories or Canada, directory assistance calling, or voice mail. These services are provided pursuant to other Company price guides or price guide equivalents. All Access Lite service is not available to telemarketing firms, Internet Service Providers (ISPs) or call center operations and is only available in select NPA-NXXs.

All taxes and other regulatory fees are billed separately, including, but not limited to, federal, state and local taxes, Universal Service fees, Telecommunications Relay Service fees, 911 fees, and other regulatory fees and surcharges.

AIN will not offer All Access service in conjunction with ILEC-branded DSL service.

Calls within the standard flat rate local calling area are unlimited. Unlimited intraLATA long distance calling is included in the monthly recurring charge. 2500 minutes of interLATA long distance calling to locations within the contiguous United States is included in the monthly recurring charge. Additional interLATA usage will be billed at \$0.06 per minute. Calls to the US Virgin Islands, Puerto Rico, Hawaii, Alaska, other US Territories and Canada do not qualify under the free usage provisions of this plan. These services are provided pursuant to other Company price guides or price guide equivalents. An inbound toll-free service option is available for a recurring fee of \$5.00 per toll-free number and all domestic toll-free usage is billed at \$0.069 per minute. Calling card service is available and all domestic usage is billed at \$0.19 per minute. No data usage is permitted under the Simple Connections long distance plans. Should an end user choose to cancel the local service portion of this bundle, leaving the long distance active, long distance will be billed at the rate of \$.069 per minute. Service is only available, where technically and economically feasible, to customers with existing RBOC service or a phone number originally served by the RBOC.

A one-year term plan is available, and customers selecting this option will receive a 5% discount on their monthly recurring line charge and voice mail charge. Term plan customers terminating service prior to completion of the term will be assessed an early termination penalty of \$30.00 times the number of months remaining on the contract (except in instances where the Company has assumed a previous carriers contract – the Company may then charge the amount by the number of months and per location). If the term plan is terminated by the customer via written notice 30 days prior to the completion of the initial or current term, customer may remain on Simple Connections service under month to month billing at applicable non-discounted rates.

All taxes and other regulatory fees are billed separately, including, but not be limited to, federal, state and local taxes, Universal Service fees, Telecommunications Relay Service fees, 911 fees, and other regulatory fees and surcharges.

6.45 Basic Access Business

Basic Access Business service is an a la carte business line product available to new or existing AIN customers. Basic Access requires a one or two-year term commitment. Multiple Basic Access lines, or Basic Access lines utilized in conjunction with AIN business line packages, at one premises must all be co-terminus. Customers will be assessed a contract termination fee of \$50.00 multiplied by the number of months per location remaining in the term. Upon expiration of the initial term the Agreement will automatically renew for a one year term period unless terminated by either party providing written notice of termination to the other 30 days prior to the end of the initial term or any such successive period.

If terminated by the customer via written notice 30 days prior to the completion of the initial or current term, customer may remain on Basic Access service under month to month billing at a applicable non-discounted rates.

AIN will not offer Basic Access service in conjunction with ILEC-branded DSL service in those areas where AIN offers DSL service. Where AIN does not offer DSL service, Basic Access in conjunction with ILEC-branded DSL will require a minimum of three Basic Access lines, and DSL cannot be part of a hunt group.

Basic Access Service in AIN's On-Net areas includes hunting at no additional charge and requires a 1, 2 or 3 year term commitment.

All TotalT service options require a one-year term commitment. A 20% discount applies to two-year term agreements and a 30% discount applies to three-year term agreements. Discounts apply to 0-6 line prices. Discounts are not applied to Optional Feature charges. PRI-ISDN prices will match 24- line prices for Integrated option. Data option prices will match the Integrated 0-6 line prices.

Installation Charges are waived for two- or three-year agreements. Upon expiration of the initial two- or three-year term, the Agreement will automatically renew for a one-year term period at the same rates, unless terminated by either party providing written notice of termination to the other 30 days prior to the end of the initial term or any such successive period. If terminated by the customer via written notice 30 days prior to the completion of the initial or current term, customer may remain on TotalT service under month-to-month billing at the higher standard rates.

If the commitment is terminated prior to the end of the initial or current term and after installation of initial service, the Customer agrees to pay to Access, as liquidated damages and not as a penalty:

- An amount of \$299 per T-1 circuit for the applicable location(s) multiplied by the number of months remaining in the then current term
- Any promotional discounts/credits received during the term
- Installation Charge
- Cost of site equipment if it is not available for collection or not returned within 30 days of termination in good working condition.

Upon expiration of the initial term, the Agreement will automatically renew for a one-year term period unless terminated by either party providing written notice of termination to the other 30 days prior to the end of the initial term or any such successive period. If terminated by the customer via written notice 30 days prior to the completion of the initial or current term, customer may remain on TotalT service under month-to-month billing at the same rates.

All services in this Section 6.48 are grandfathered and available only to the existing former customers of Fusion Communications Services, LLC

(N)

6.48 Services Offered to Former Fusion Communications Services, LLC Customers

6.48.1 Description of Service

A. Timing of Calls

1. The Customer's monthly usage charges for the Company service are based upon the total number of minutes the Customer uses and the service options to which the Customer subscribes. Chargeable time begins at the time the called party answers (*i.e.* when two-way communications is possible) and ends when either party hangs up.
2. No charges apply if a Call is not completed.
3. For billing purposes, all Calls are rounded up to the nearest minute and billed in increments of one minute. The minimum Call duration is 1 minute for a connected Call.
4. Where applicable, charges will be rounded up to the nearest penny.
5. Usage begins when the called party picks up the receiver (*i.e.* when two-way communication is possible). The Company utilizes software answer supervision, which permits up to 60 seconds of ringing before the Call becomes billed usage. A Call is terminated when the calling or called party hangs up.
6. The Company will not knowingly charge for Incomplete Calls. Upon the Customer's request and proper verification, the Company shall promptly adjust or credit the Customer's account for charges or payments for any unanswered Call inadvertently billed due to the unavailability of Feature Group D or due to another carrier's failure to provide answer supervision. Where answer supervision is not available, any Call for which the duration exceeds one (1) minute shall be presumed to have been answered.

B. Start of Billing

Billing will begin upon the earlier of (i) connection of the facility to the customer network and commencement of services (service activation) or (ii) within 15 days after delivery of the applicable facility to the customer premises by the facility provider, unless the delay in connection of the facility is due to the fault of or requested by the Company. The end of service date is the last day of the minimum notification of cancellation or any portion of the last day, after receipt by the Company of notification of cancellation.

C. Calculation of Distance

1. Where applicable, usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the Call.
2. Where applicable, the airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers that are produced by Bell Communications Research in their NPA-NXX V&H Coordinates Tape and Bell's NECA Tariff No. 4.

D. Minimum Call Completion Rate

The Customer can expect a call completion rate of at least 97% per 100 Calls attempted during peak use periods for all Feature Group D (1+) services.

3. Trunk Line Call Hunting Service

Trunk Line Call Hunting Service is a Local Business Line Service that may be sold with hunting features to front-end an existing Key or PBX System.

4. Direct Inward Dial ("DID") Service

DID enables a Caller to complete a Call to a specific extension without being transferred by an attendant. The Company offers DID service to its Customers in minimum blocks of ten (10) telephone numbers.

The Company reserves the right to review vacant DID Stations or Stations not in use to determine efficient telephone number utilization. Should the Company determine, based on its own discretion, that inefficient number utilization is occurring, the Company reserves the right to reassign the unused DID Stations.

The Customer has no property rights to the telephone number or any other call number destination associated with DID service furnished by the Company, and no right to the continuance of service through any particular end-office.

F. Additional Local Exchange Service Offerings

1. Directory Assistance Service

Directory Assistance Service provides the Customer with the ability to use a directory assistance operator to provide listing information. The Company will provide access to Directory Assistance Service through arrangements with other telecommunications companies. A maximum of two (2) telephone numbers per Customer may be requested per Call.

2. Directory Assistance Call Completion ("DACC") Service

DACC service provides the Customer with the ability to use the directory assistance operator to connect the Customer with the party whose listing information the directory assistance operator has provided to the Customer. The DACC charge is in addition to the per Call charges for Directory Assistance set forth above.

3. Operator Services

Operator Services involve live or automated operator assistance with the placement of Customers' telephone Calls and related information. The Company will provide access to Operator Services through arrangements with other telecommunications companies.

4. Directory Listings

The Company shall provide for a single Directory Listing, termed the primary listing, in the telephone directory published by the dominant exchange service provider in the Customer's exchange area of the Station number that is designated as the Customer's main billing number. Additional information or additional or alternate Company Station numbers, other than the Customer's main billing number associated with a Customer's service, cross reference, foreign, non-listed and non-published listing services also will be provided to the Customer for a monthly recurring charge per listing.

6. Caller ID with Name and Number

Displays the name and telephone number of an incoming Call on a CPE device attached to the Customer's telephone line.

7. Call Forwarding

a. Call Forwarding B Universal

This service allows the Customer to forward Calls to any telephone number or station in the Customer Group that their station is allowed to call, including voicemail and the attendant. Call Forwarding B Universal takes precedence over Call Forward - No Answer, and calls are forwarded immediately.

b. Call Forwarding B No Answer

Calls are automatically forwarded to a number or station in the Customer Group after a specified number of rings.

c. Call Forwarding B Busy

Calls are automatically forwarded to a number or station in the Customer Group when the user's line is busy.

8. Call Waiting

When a line is in use, Call Waiting will generate an audible tone that will allow the user to know that another Call is coming in. The user may answer the new Call, and alternate between Calls, by pressing the hook flash switch on the telephone.

9. Cancel Call Waiting

Allows the user, on a per-Call basis, to cancel the Call Waiting function by dialing 70 before making a Call.

10. Call Transfer

Allows a user to transfer a Call to another station within the Customer Group or to an outside telephone number.

11. Three-Way Calling

Permits a user to place an existing Call on hold, dial another station in the Customer Group or outside telephone number, and bridge the new Call to the existing connection.

12. Last Number Redial

Allows a user to transfer a Call to another station within the Customer Group or to an outside telephone number.

13. Speed Calling

Enables a Customer to place calls to other telephone numbers by dialing a pre-programmed one or two-digit code rather than the complete telephone number. Speed Calling provides a 30-code capacity.

Allows a Call to be placed on hold by one station and retrieved by another station in the Customer Group.

15. Distinctive Ring

Assigns different ring tones for Calls from within the Customer Group and for those from outside.

16. Calling ID Delivery Block

Allows a station to block the display of their number and name on outgoing Calls on a per-Call basis for a fee.

17. Anonymous Call Rejection

Allows a called party to block calls from parties that have marked their calls "private".

18. Automatic Busy Redial

Permits the Customer to redial automatically the last number dialed. If the called line is busy, a 30-minute queuing process begins. The customer is then given an indication that the network will attempt to set up the call when the called line is idle.

19. Automatic Call Return

Enables a Customer to automatically return the last incoming Call. To return the Call, the Customer dials a feature code and the number is dialed automatically. If the called line is busy, a 30-minute queuing process begins. The Customer is then given an indication that the network will attempt to set up the Call when the called line is idle.

900/976 blocking permits a new or existing Customer, on a per-line basis, to block all Calls made from its Calling Station to a 900 or 976-type telephone number. This Call Blocking option prevents Calls to 900/976 information service providers by blocking the following dialing sequences: 1+900 and 1+976.

b. Long Distance Blocking

This Call Blocking option prevents 1+ long distance calls by station by blocking the following dialing sequences on a per-line basis: 1 + (NPA) + NXX + XXXX and 1 + NXX + XXXX.

c. Directory Services Blocking

This Call Blocking option prevents Calls to local Directory Services and casual dialed long distance providers by blocking the following dialing sequences on a per-line basis: 1+555-1212, 1+NPA+555-1212, and 411.

d. Operator Services Blocking

This Call Blocking option prevents Calls to local Operator Services by blocking the following dialing sequences on a per-line basis: 0+ and 0-.

e. International Blocking

This Call Blocking option blocks access to international calling services on a per line basis.

f. 3rd Party and Collect Call Blocking

This Call Blocking option blocks access to inbound 3rd Party and Collect calls on a per-line basis.

21. Local Number Portability

Local Number Portability is a service that enables the End User to retain use of the existing local exchange carrier's number after choosing the Company as its local exchange carrier, provided that the Customer's location remains the same after the switch.

22. N11 Services

N11 Services provides Customers with the ability to receive special services through the Company by dialing a three-digit number.

a. Directory Services (411)

Directory Services allows a customer to obtain the listed telephone number for a given name and address by dialing 411. Rates for this service are specified in Section 4.2 of this price guide.

b. Repair Service (611)

Repair Services allows Customers to report troubles to Company customer service by dialing 611. There is no charge for this service.

c. Telecommunications Relay Services (711)

Georgia Telecommunications Relay Service ("TRS") enables deaf, hard-of-hearing or speech-impaired persons who use a Text Telephone ("TT") or similar device to communicate freely with the hearing population not using TTs and visa versa. The Company will provide access to TRS through arrangements with other telecommunications carriers to enable Customers to access the TRS state provider to complete TRS Calls. Hearing callers who wish to reach people who are deaf, hard of hearing or speech disabled may dial 1-800-255-0135 and text telephone users may dial 1-800-255-0056. In addition, effective March 1, 2001, Georgia TRS users may dial 711 from inside Georgia to place relay calls. There is no charge for placing 711 calls.

d. 911 and E911 Services

Emergency Services (Enhanced 911) allow Customers to reach appropriate emergency services, including: police, fire and hospital medical services. Enhanced 911 Service has the ability to selectively route an emergency Call to the primary 911 provider so that it reaches the correct emergency service located closest to the Caller. In addition, Enhanced 911 Service enables the Customer's address and telephone information to be displayed to the person handling the 911 Call. The Company will provide access to 911 and E911 services either directly or through arrangements with other telecommunications carriers.

23. Remote Call Forwarding (RCF) - RCF allows all calls dialed to a telephone number equipped for RCF service to be automatically forwarded to another dialable telephone number. This service enables a customer to list a local directory number that is forwarded to a different city or exchange. Each RCF service allows for the forwarding of one call at a given time. The RCF customer is responsible for any applicable usage rates/charges between the RCF number and the terminating number.

Conditions:

1. RCF service is not offered when the answering location for a forwarded call is a coin/coinless, Semi-public/public telephone service.
2. The Company cannot guarantee the grade of transmission on remotely forwarded calls. Normal grade end-to-end transmission is not guaranteed because transmission characteristics may vary depending on distance and routing required to complete the forwarded portion of the call.

G. Miscellaneous Service Charges

1. Service Order and Change Charges

Service Order Charges apply for changes in service and for additions to service. Service Order Charges are in addition to all other applicable nonrecurring charges identified in this price guide.

2. Bad Check Charge

If payment for Service is made by a check, draft, or similar instrument (collectively "Check") that is returned to the Company unpaid by a bank or another financial institution for any reason, the Company will bill the Customer a returned check charge. In addition, the Customer may be required to replace the returned Check with a payment in cash or equivalent to cash, such as cashier's check, certified check or money order.

3. Reconnection

Reconnection charges occur where service to an existing Customer has been discontinued for proper cause, and the Customer desires to resume service with the Company. Where a Customer desires reconnection, the Customer will be charged a fee to cover the cost to the Company of restoring service to the Customer.

4. Maintenance Charges

Maintenance Visit Charges apply when the Company dispatches personnel to a Customer's premises to perform work necessary for installing new service, effecting changes in service or resolving troubles reported by the Customer when the trouble is found to be caused by the Customer's facilities.

Maintenance Visit Charges will be credited to the Customer's account in the event trouble is not found in the Company facilities, but the trouble is later determined to be in those facilities. The time period for which the Maintenance Visit Charges is applied will commence when Company personnel are dispatched at the Customer premises and end when work is completed. The rates for Maintenance of Service, therefore, vary by time per Customer request.

5. Non-routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in unusual locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to weekends, holidays, and/or night hours, additional charges may apply.

6. Missed Appointment Charge

When the Company and the Customer have agreed to an installation date and time, and the Customer is not available at the premises to allow for installation of service at the appointed time, a Missed Appointment Charge will apply.

7. State Recovery Charge

The state Recovery Charge is applied to each line and provides for delivery of high quality services, including connecting customers to the network, customer service and network monitoring, updating operational systems, and the construction of a facilities-based network, covers costs associated with ongoing regulatory and compliance obligations, participation in regulatory proceedings, handling customer complaints with regulatory agencies, and negotiations with other regulated carriers, and funds a contribution towards higher costs of interconnection with other carriers, due to the ongoing shift of network cost recovery from carrier-billed access services.

8. Access Recovery Fee

The Access Recovery Fee funds a contribution towards partially offsetting the Company's higher costs to provide services, support its infrastructure, and recover costs associated with federally mandated charges. This charge is applied to each local or long-distance line.

MISCELLANEOUS CHARGES

7.1 Facilities Charge

The Facilities Charge provides for delivery of high quality services, including connecting customers to the network, customer service and network monitoring, updating operational systems, and the construction of a facilities-based network. The Facilities Charge is applied to each line. A Supplementary Facilities Charge is also applied to each business line where there's more than one business line at the physical location. Long Distance-only numbers are subject to a Facilities Charge where there is more than one business line at the physical location.

The Supplementary Facilities Charge will be discounted on each business line by \$1.99 per month (Discount 1) where your relationship with Access meets both of the following requirements:

- has a contract with Access Integrated Networks, and
- uses Access Integrated Networks Interstate Long Distance

Where another Interstate Long Distance carrier other than Access Integrated Networks has been selected, a \$3.99 discount per month applies to the Supplementary Facilities Charge (Discount 2).

Charge	MRC
Facilities Charge	\$6.42 on each Business line \$7.11 on each Residential line \$3.99 on each applicable Long Distance-only number
Supplementary Facilities Charge	\$6.63 on each applicable Business Line \$3.99 on each applicable Long Distance-only number
